

Coffee Creek Quilters

Two for charity, one for myself, and all from the heart!

RELEASE KITS FOR COFFEE CREEK QUILTERS

What's a Release Kit?

Women who have completed all three quilts in the Coffee Creek Quilting Program and have been released from prison are eligible to receive a release kit. To receive a kit, women must contact the Program after they have been released to request a kit and be living in a stable housing situation. Typically the teacher who worked most closely with the woman arranges to meet the woman at a neutral location to give her the release kit and, if requested, a refurbished sewing machine.

What Goes in a Release Kit?

A release kit contains the basic notions to make a simple quilt project. It includes:

- A medium size cutting mat, ruler and rotary cutter (usually packaged together)
- Seam ripper and thread scissors
- Needles and pins
- Fabric, thread and pattern for a quilt project

What You Can Do:

Save coupons and shop sales to buy packaged cutting mats, rulers and rotary cutters. Put together a small quilt project with fabric, thread and pattern. Add the remaining notions and put it all in a sturdy bag with handles. Call us at (503) 257-1320 to arrange for us to pick up kits. We'll add a list of local quilt shops and happily make sure it is given to one of our former students.

Thanks from all of us at Coffee Creek Quilters!!!!
